STEVE SPIDER BRILLIANT EXTENSION OF POULSEN'S INDIAN SERIES

The world of Mike Poulsen is the world of untrammled nature, and few artists portray its majesty as well as this Wyoming native and former wilderness guide. With his Indian series, Mike arouses our appreciation of the culture of these people who live in harmony with their environment.

Steve Spider is a brilliant extension of this series, which has become so popular with collectors. Mike met Steve at a powwow in Cody in 1985, where the Oglala Sioux, concerned with perpetuating his heritage, was demonstrating tribal dances to a new generation.

You can meet Steve, and a little bit of American History, at your art dealers now. "Steve Spider—An American Indian" is published in a limited edition exclusively by American Masters Foundation. Printed by Wilson Engraving Co. Dallas, Texas.
